Report on Career Guidance Programme on " Job Opportunities in Manufacturing of Transformers "

Name of the Event: Job opportunities in Manufacturing of Transformers

Introduction to Event:

Career Guidance Programme on "Job opportunities in Manufacturing of Transformers" was conducted at Aditya Engineering College (A), Surampalem by the department of EEE to make the students acquainted with the Manufacturing of Transformers. The objective of this programme is to update knowledge in the emerging topics in the subject area. High voltage windings of distribution transformers are made of paper insulated round or rectangular conductors of copper or aluminium material. They are directly wound on LV winding after providing sufficient LV-HV insulation to form a compact and rigid winding assembly. Transformer manufacturing is an emerging core subject, so that keeping this in view, the department has organised a Career guidance programme for the benefit of the students.
